From the main page we select Register and 2 options will appear on our screen (Business / Personal) .

With the Personal option you create a customer portion per person and the name will be displayed where it will be registered in the form that follows in the shipments but also in the shipping status.

With the Business option you will not display any data per person except the phone and the name of the company that will be registered in the next form that follows.

- There are 2 ways to join the shipping system:
- 1) Through the address www.travelexpresscourier.com/login.html
 - 2) From the system you create the deposit to the account by pressing the option **SHIPMENT MANAGEMENT**.

After entering our details, the following image will appear on our screen.

The screenshot shows the user profile page. On the left, there is a navigation menu with five items: "Add Shipment", "My Wallet", "My History", "Report", and "Logout". Each item has a colored arrow pointing to it: blue for "Add Shipment", green for "My Wallet", pink for "My History", red for "Report", and purple for "Logout". To the right of the menu is a "User Profile" section with a user icon. Below this is a table containing the user's details.

Add Shipment Cancel

In the first point Shipment Type and from the Payment Mode field we select the type of shipment if there is cash on delivery or not. With the Cash on Delivery option, the field where we put the cash on delivery amount we want will appear on our screen.

Shipment Type

Product/type:

e-parcel

Payment Mode

Cash On Delivery

At this point we fill in all the details of the Shipper where are the details of the company, but also the details of the Recipient. In the City field we select for the cases where the mission is Point to Door, Door to Door, Door to Point where it is Door we select the city and then the area where we are and for the Point to Point options, the Travel Express option and then the store dispatch or receipt. At the Mobile point, if we write a mobile number, the recipient will receive a message when he arrives at his destination for collection. If the Point - to - Door or Door - to - Door service is selected, the sender will receive a message that the parcel has been delivered.

Add Shipment

Cancel

In the Service Payment info point we select from the Service Mode the service we want as it states below:

Point to Point - Store to Store

Point to Door - Store in resident delivery

Door to Point - Collection from the customer's place in a Store.

Door to Door - Pick up and delivery residents at the sender / recipient premises.

Then the shipping charge will automatically appear on the right. In the Description point we can write information about the package (eg, Fragile, Cash Collection or Cheque, etc.). Then click on Add Shipment to complete the shipment and print the ticket.

After each creation of a new shipment, the following image will appear on your screen, where each time the shipment slip you have issued will be displayed. In the Actions field you can print the bulletin but also see more information about the status of the shipment and more information.
